AFTERNOON  
EDITION

MAYSVILLE, KENTUCKY, THURSDAY, MAY 22, 1919.

ONE COPY—ONE CENT.

## UNIFORM LIGHTING FOR STORE WINDOWS SUGGESTED

Maysville Gas Company Proposes New System of Lighting Store Show Windows in Business District Under New Contract.

Another interesting phase of the new contract which the city is about to make with the Maysville Gas Company for the lighting of the city is the uniform system of lighting show windows in the entire city.

The proposed fifty boulevard lights to be erected in the business district will be turned on from the plant at dark and will be turned off at 11 o'clock each night except the corner lights which will be permitted to burn until morning.

On the same circuit with these between corner boulevard lights, the company proposes to put all window lights in the various stores in the business district. These lights will be turned on with the boulevard lights and will be turned off with them so that the business men will not have to bother with their lights. The company also proposes to take care of the lights in the windows, keeping them in first class condition and clean at all times. They propose to make a flat rate to the business men for this lighting and service and such an arrangement would give to our business section some uniform system of lighting such as is in vogue in larger cities throughout the country.

This system seems to meet with the approval of the majority of business men and will probably be a part of the new city contract.

## FIGURES ON EXAMINATIONS ARE NOT YET READY

Although there were many students who took the Common School Examination in all school districts throughout the county and although the examiners have been working hard on the examination papers, they are not yet able to announce the number or the names of those who have successfully passed and who are entitled to enter high schools at the beginning of the next school year.

## CITY TAX SUPERVISORS HEAR MANY COMPLAINTS

The Maysville City Board of Tax Supervisors in session in Police Judge John L. Whitaker's office had many visitors today. Folks were showing reasons why their assessment should not be increased to the figures by the board in their "first over" of the property. There has been much excitement created over the city by the increases the tax supervisors have thus far made.

## FLAMES SWEEP THE CITY OF MOBILE, ALA.

Half Million Dollar Fire Burns Ten Square Blocks and Leaves 1,500 People Homeless.

Mobile, Ala., May 22.—Ten square blocks of Mobile's residence section, lying near the river front, were swept yesterday by fire which caused \$750,000 property damage, left 1,500 people homeless, and destroyed probably 200 buildings.

The flames were checked before reaching docks and shipping plants which lay in the path. A citizens relief organization, hastily formed, is now caring for those left homeless.

The fire which started in a trash pile back of a retail store, was spread by strong winds over a wide territory, and fanned out of control for several hours during which the business and industrial districts of the entire city were threatened. The area devastated was one of the older residence sections, and few of the buildings destroyed were of modern construction. The fire was finally stopped at the western boundary of the Alabama Dry Dock and Ship Building corporation's property.

## LAST EPISODE OF "THE LIGHT- NING RAIDER" TOMORROW

Pathe's thrilling serial, "The Lightning Raider" featuring Pearl White, will be concluded at the Pastime tomorrow, afternoon and night. Everyone should see the last episode of this wonderful serial. A Harold Lloyd comedy and Pathe News will also be shown.

## CARNIVAL GOT STARTED

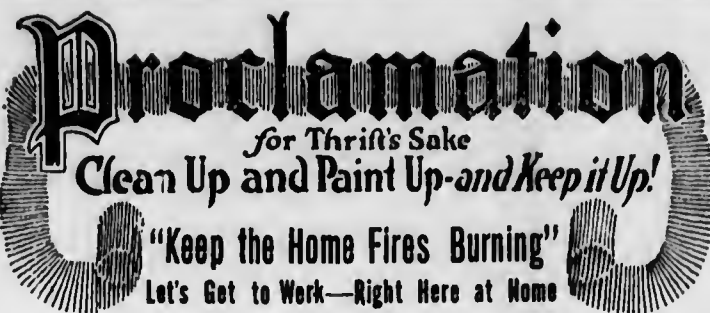

The carnival which is holding forth at the baseball park finally got started Wednesday night and although the night was not the best there was a very good crowd on the grounds. The carnival is quite a small one and carries no band which is a great handicap to it.

## FOREST AVENUE CHURCH NEARS CENTENARY QUOTA

The Forest Avenue M. E. Church has thus far raised \$4,254 on their Centenary assessment and have almost reached their quota. Under the efficient direction of Rev. W. H. Morris, this church is doing big things this year.

## PRAYER MEETING AT BAPTIST CHURCH

Regular weekly prayer meeting services will be held at the First Baptist church this evening at 7:30 o'clock and the membership is urged to attend.

TO THE PUBLIC:  
The Men and Women and Boys and Girls.

In these days of patriotic service we should "Keep the Home Fires Burning"—the fires of community life and spirit and efficiency, and all the activities that promote cheerful and pleasant and healthful surroundings in American homes and communities. Cleanliness, Thrift and Civic Pride are the essentials for homes and towns beautiful, and safe from the ravages of disease and fire and storm and sun.

## Help Conservation and Production.

It is our patriotic duty to promote conservation and production in every possible way—to conserve civic ideals as well as health and property; and to increase commercial and industrial, as well as food production, that all may be enabled as well as urged, to "save for our country's needs."

This cause is too big for any mere "week." The need is too immediate for any delay. The work comprises too many phases of community effort for any single group or interest to assume its conduct.

An immediate and continuous and thorough campaign that represents and enlists every interest and organization, every man, woman and child in the community, in a crusade of Cleanliness, Thrift and Civic Pride and their practical application in every way, is needed.

This Year "For Thrift's Sake."  
Clean Up and Paint Up.

Such a crusade is annually conducted in 7,000 cities and towns enlisted in the nation-wide Clean Up and Paint Up Campaign, that reduced Cincinnati's fire insurance cost over \$160,000 in one year, that planted nearly a million "Thrift Gardens" in the nation last year, and that by a score of other practical and popular activities, has made thousands of communities and hundreds of thousands of homes "better places in which to live."

The co-operation of the whole community is necessary, from this moment and throughout the campaign; and we especially urge the utmost effort in giving the campaign a good start by making the Opening Week a complete success, a big community event. This will be

OPENING WEEK—MAY 26 TO JUNE 1—OPENING WEEK

Help to make our community recognized as in the forefront among happy, healthy, thrifty, prosperous, and beautiful American communities.

Respectfully submitted,  
THOMAS M. RUSSELL, Mayor.

## "FIT TO WIN" IS PICTURE EVERY MAN SHOULD SEE

Feature at the Washington Shown Under Direction of Public Health Service Is Wonderful Lesson to Young Men—Special Showing This Morning.

"Fit to Win," the feature picture being shown at the Washington theater today and tomorrow was produced under the direction of the United States Public Health Service and is a picture that should be seen by every young man in Mason county.

A special screening of the picture was given at the Washington this morning before a committee of ministers and officials and it was the general opinion of every one who saw it that it was one of the best educational films ever shown in Maysville and one that should be seen by every young man in the community.

The picture deals with the big sex problems with unbarred hands and those who see it are certain not to forget what they saw for some time. The lessons impressed so strongly on the audience are the kind that cannot be effaced and that will always be before one. This picture may be worth millions of dollars and save much suffering to the young manhood of the nation.

## SOLDIERS MEETING

A meeting of the preelnet chairman and officers of the Mason County Soldiers and Sailors Association will be held at the Chamber of Commerce office on Saturday afternoon, May 24, at 3 o'clock. All are requested to be present as at this meeting final plans for the Memorial Day ceremonies May 30th, will be announced.

## METHODIST PRAYER MEETING

Prayer Meeting service at Third Street M. E. Church this evening at 7:30 will be followed by the monthly meeting of the Sunday School Board. A full attendance of the officers and teachers of the Sunday School is earnestly desired.

## ONE GRADUATE OMITTED

The name of Miss Escaline Traxel as one of the graduates of the Maysville High School for this year was inadvertently omitted from the list as published in yesterday Public Ledger.

Dr. B. B. Bailey, pastor of the First Baptist Church, arrived home last night from Atlanta, Ga., where he has been attending the Southern Baptist Convention and will lead prayer meeting this evening.

Quarterly Meeting at the Washington Methodist Church will be held Saturday night at 7:45 and Sunday night at 7:45, preaching by Rev. J. D. Radd, District Superintendent.

## VERNE SWAIN MAKES MAIDEN VOYAGE FRIDAY

Beautiful Mississippi River Excursion Steamer Makes Her First Trip From Maysville Harbor Friday—Many Expected To Take Trip.

The beautiful new excursion steamer Verne Swaine comes tomorrow and will make her first voyage out of Maysville Friday on a moonlight trip which will likely take many Maysville and Mason county people.

This is the Swain's first trip through this section of the Ohio river. Although practically new, the boat has been running excursions on the Mississippi river and has proven a most popular boat there. She expects to spend the summer season at Pittsburgh but will make two trips through the Cincinnati district before leaving for her up-river trip.

On next Sunday the Swain will take an excursion from this city to Cincinnati for the day and return.

The boat is one of the prettiest on the river and is a sidewheel steamer. The dancin' pavillion is the only one afloat that does not have posts in the center of the floor and is probably the most beautiful. The boat carries a first class dance orchestra and all the concessions that makes a river excursion interesting and worth while. It is expected that there will be many on the first trip Friday.

Try a Ledger Want Ad. It Pays.

## PRIZES OFFERED BOYS OF COUNTY FOR HAULING ROCK

County Commissioner W. Holton Key Makes Announcement of Much Interest to Boys of the County.

Montgomery, Alabama, has nothing on Mason county when it comes to doing things in a novel way. Mr. Key, Commissioner of Roads for Mason county issues the announcement that he expects to offer several prizes to the boys of the county that haul the most rock on the roads, before September 1st.

Mr. Key desires to announce that a prize of \$15 will be awarded to the boy that hauls the most rock on the road before September 1, \$10 to the boy hauling the second greatest amount and \$5 to the boy hauling the third greatest amount. The only requirements being that the boys must notify Road Engineer Simons or Judge Purnell that they intend to compete for the prizes, and that they notify one of them of the amount of rock hauled and the road upon which they were hauled.

Every boy in Mason county is urged to enter this contest and help bring the roads up to the standard. In addition to the prize that the boys win, he will also be paid the regular price for hauling the rock—every boy that enters this contest will receive the regular pay for hauling the rock.

Mr. Key suggests that each school teacher of the county lend their help in encouraging the boys of their school to enter the contest, as it will be quite an honor to the school, producing the prize winning, rock hauling boy. During our conversation with Mr. Key he offered a very good suggestion to the teachers of the county. He believes that every teacher should encourage the boys and girls to have an interest in their county to the extent that they will desire to see it one of the best counties in the state. As an illustration he said he would desire to see the youth of the county so interested that if they were going along the roadside and see a branch obstructing a ditch, would immediately remove it.

Let's all encourage these boys and girls to clean-up and paint up about their homes so that as they grow into young womanhood and manhood, they will be interested in not only making money but making their county one of the most desirable in the state, in which to reside.

Mr. C. E. Dietrich is in Owensboro at the Knights Templar Conclave.

## ROWLAND HELD AT COV- INGTON FOR LOCAL POLICE

Maysville Man Indicted by Last Grand Jury Is Arrested at Covington—Will Be Returned to Face Serious Charge.

Ad Rowland, Maysville man, who was indicted by the last Mason County Grand Jury on a charge of deserting infant children, was arrested last night in Covington on a bench warrant according to information received by the local officers this afternoon and Chief of Police Harry A. Ort left this afternoon to take charge of Rowland and to return him to Maysville to face the charge.

Officials say they expect this time to prosecute Rowland under the state statute which makes the offense charged against him a felony punishable by not more than three years in the penitentiary. Several times, the officers point out, Rowland has been before the courts on charges of failure to provide placed against him by his wife.

He is said to have been summarily drafted into the army because of complaint of his wife that he failed to provide for his children and on various occasions the local courts have lectured him and have given him another chance to make good. This time, the officers say, they expect to prosecute the case.

## ODDFELLOWS CARNIVAL FUND WILL EDUCATE AN ORPHAN

Money Raised by Local Committee of Odd Fellows at Carnival Held Here Will Give Orphan Girl Business Education.

At the state encampment of Odd Fellows held at Providence, Ky., this week, Messrs. T. M. Russell, J. A. Dodson, W. R. Smith and H. L. Walsh, special committee of local Odd Fellows under whose auspices a carnival was given here some time ago, turned over to the "Widows' and Orphans' committee the sum of \$173.90, the net profits from the carnival.

This fund was given to the committee without restrictions but the committee immediately decided to use \$100 of the amount to give one of the orphan girls in the state home a business education and the balance of \$73.90 was placed in the general fund.

Delegates from the local lodges of Odd Fellows returning to Maysville today from the state encampment report a most interesting meeting and the next annual meeting will be held in the city of Bowling Green.

## ABERDEEN TOBACCO DEALER HANGS SELF IN BARN NEAR NOON

Andy Campbell, Well Known Brown County Tobacco Buyer Found in Barn on His Farm at Noon Today Hanging From a Rafter.

Mr. Andrew Campbell, aged 57, single, tobacco buyer and trader, was found hanging dead from a rafter in barn on his farm a short distance from Aberdeen about noon today by one of his brothers. Mr. Campbell had been mentally unbalanced for the past two weeks but was not thought to be dangerous to himself or others.

He was watching his brother and several men repair a strip of fence this morning and left them to go to the barn. Thinking that he was staying at the barn an unusually long time, his brother went to the barn and there found his body hanging by a small rope which had been taken from the well bucket near by the barn.

During last winter Mr. Campbell operated on the Maysville tobacco market every day being in partnership with Mr. George Mitchell, of this city, in the tobacco business. He was an unusually shrewd trader and a splendid judge of tobacco and is said to have made a large fortune in tobacco last winter. He was a clever gentleman and held in high esteem throughout the community where he lived but once before his mind became affected and for some time he was in bad condition. He was treated and was thought to have entirely recovered but about two weeks ago he was again noticed acting strangely and since that time his relatives have been watching him closely.

Mr. Campbell had been dead for some time when his brother found him at noon and the Coroner of Brown county was called to hold an inquest.

## WILL HAVE BIG SPEAKER FOR MEMORIAL CELEBRATION

The special committee of the Soldiers and Sailors Association in charge of speakers for the Memorial Day celebration to be held at Beechwood park is endeavoring to get some speaker of more than local reputation as the chief speaker for that occasion. Efforts are being made to secure Col. H. H. Denhardt, of Bowling Green, or Col. Sam M. Wilson, of Lexington.

Plans are being made to hold good roads elections in certain school houses throughout the county within the next few weeks.

Leaves No Bitter Taste**

## INTEREST SHOWN IN CLEAN-UP DRIVE IN THIS CITY

Keep It Up—Clean Up and Paint Up  
For Thrift's Sake.

Too many people today consider paint only from a decorative standpoint. While paint is a great decorative medium—its first purpose, nevertheless, is preservation and protection.

Unless properly painted the wooden parts of a building soon absorb moisture and swell. The joints open and disintegration is rapid. The metal roof, gutters and railings soon rust and in a remarkably short time are past repair. Paint as a preservative against the elements is absolutely necessary.

The large iron dome of the United States Capitol shows the need of painting every three years. If this had not been done the structure would have long since been past repair. The same deterioration is probably progressing to greater or less extent on your property today.

The soft sandstone exterior of the White House has been preserved these many years with paint. It was found necessary as the stone was rapidly disintegrating. Cement structures absorb moisture and in damp weather present a blotched appearance, the surface becoming dark. If painted, the cement becomes moisture-proof and the structure remains clean and attractive.

There are many frame dwellings on the New England Coast built over two hundred years ago now in a perfect state of preservation as a result of the occasional application of paint.

It is just as necessary to have your property painted regularly as it is to pay for protection by fire insurance; in fact, more so, for the reason that money spent for fire insurance premiums represents an expenditure to protect against a possible loss, whereas failure to make the proper expenditure for paint protection, means failure to protect against certain loss.

Professor H. H. King, of the State

## SUMMING UP THE EVIDENCE

Many Mayaville People Have Been Called As Witnesses.

Week after week has been published the testimony of Mayaville people—kidney sufferers—backache victims—people who have endured many forms of kidney, bladder or urinary disorders. These witnesses have used Doan's Kidney Pills. All have given their enthusiastic approval. It's the same everywhere. 60,000 American men and women are publicly recommending Doan's—always in the home papers. Isn't it a wonderful, convincing mass of proof? If you are a sufferer your verdict must be "Try Doan's first."

Here's one more Mayaville case. A. Sorries, lock and gunsmith, W. Second and Wall Sts., gave the following statement in January, 1912: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backaches and when I stooped over, I had trouble in straightening up. Colds settled in my back and kidneys, too. Doan's Kidney Pills stopped the trouble and my back and kidneys became as strong and well as ever."

A LASTING EFFECT  
On November 14, 1916, Mr. Sorries said: "I am the same strong believer in Doan's Kidney Pills today, as when I gave my former endorsement. I haven't had any trouble with my kidneys in a long time and I believe the cure they gave me will be permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sorries had. Foster-McMillan Co., Mfgs., Buffalo, N. Y.

Aggricultural College of Kansas, in a letter written April 17th, 1916, makes this statement: "The loss ensuing in this State through lack of paint are much greater than the losses sustained by fire."

Persons desiring general repair work done—painting and concreting—should see HOOPS & WALLINGFORD, PHONE 310. 17-1vk

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

ONE CENT A DOSE

## Let Us Send You a "Swift Dollar"

For a Pocket Piece

It will interest you.

It shows where the money goes that Swift & Company takes in.

It shows that out of every dollar received by Swift & Company from the sale of meat and by-products in 1918—

- 1—Swift and Company paid for live animals 85.00 cents
  - 2—Swift and Company paid out for labor, freight and other expenses - - - 12.96 cents
  - 3—Swift & Company had left a profit of only - - - 2.04 cents
- Total 100.00 cents

The 2.04 cents remaining as profit equals only a fraction of a cent per pound. It is too small to affect materially the price of live stock to the farmer or the price of meat to the consumer.

A "Swift Dollar" will be mailed you on request. Address

"That's just what I've  
always wished a  
cigarette would do  
—satisfy"

The feature of Chesterfields is that they be-  
gin where other cigarettes leave off.

In other words, besides pleasing the taste,  
Chesterfields go 'em all one better—they sat-  
isfy! Just like a long drink of cold water sat-  
isfies when you're downright thirsty.

No other cigarette can give you this new  
thing in cigarette enjoyment because none can  
copy Chesterfield's blend.

It's a blend of the finest TURKISH tobaccos  
from Xanthi, Cavalla, Smyrna and Samsoun  
and several varieties of the choicest DOMES-  
TIC. And the blend itself—the skill with  
which these tobaccos have been proportioned  
—is a real discovery in cigarette making.

**They SATISFY!**

### MORTALITY GREATER IN PEACE THAN IN WAR

New York Life Insurance Actuary Pre-  
sents Figures Showing Company's  
Death Rate in Germany 12 Per  
Cent. Less for War Period,  
Than for Eleven Years  
Preceding.

The New York Life Insurance Com-  
pany, the largest organization of its  
kind in the world, we believe, has just  
issued a bulletin which will be of spe-  
cial interest to those who think that  
the people of the United States are  
wise in adopting a policy of National  
Prohibition. The mortality figures of  
the company's policy holders in Ger-  
many during the four years of war  
from August 1, 1914, to July 31, 1918,  
have just been compiled by the com-  
pany's chief actuary. These figures  
show that the mortality, including  
deaths on the battlefield, was twelve  
percent less for the war period of four  
years than for the eleven years of  
peace immediately preceding.

Commenting upon these rather sur-  
prising statistics, the company's chief  
actuary says:

It is probable that this has been the  
result of restriction in diet, limitation  
in the consumption of alcoholic be-  
verages, and a large amount of exer-  
cise which the Germans of middle life,  
the bulk of our insured, have had to  
stand.

In bringing these significant facts  
to the attention of its agents and  
policy-holders, the company states  
that they "point a way to longer life  
for the average man, to wit: restrict-  
ed diet, total abstinence from alcoholic  
drinks, proper exercise."

Such testimony from one of the fore-  
most on modern financial institu-  
tions, conducted by very practical men  
of affairs, can hardly be waved aside,  
even by the high-spirited cartoonists  
of our gay contemporary life, as the  
silly notion of longhaired cranks.

#### DIRECTORS MEETING

A called meeting of the Directors  
of the Maysville Warehouse Company  
will be held at their office at the Bank  
of Maysville Saturday afternoon, May  
24, at 2 o'clock. A full board is de-  
sired as business of importance is to  
be transacted.

THOMAS A. KEITH,  
Secretary-Treasurer

Try a Ledger Want Ad. It Pays.

#### Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach  
the diseased portion of the ear. There is  
only one way to cure catarrhal deafness,  
and that is by a constitutional remedy.  
Catarrhal Deafness is caused by an in-  
flamed condition of the mucous lining of  
the Eustachian Tube. When this tube is  
inflamed you have a running ear or im-  
perfect hearing, and when it is entirely  
closed, deafness is the result. Unless the  
inflammation can be reduced and this tube  
restored to its normal condition, hearing  
will be destroyed forever. Many cases of  
deafness are caused by catarrh, which is  
an inflamed condition of the mucous sur-  
face. Hall's Catarrh Medicine acts thru  
the blood on the mucous surfaces of the  
system.

We will give One Hundred Dollars for  
any case of Catarrhal Deafness that cannot  
be cured by Hall's Catarrh Medicine. Cir-  
culars free. All Druggists, etc.  
F. J. C. HALL, 220 N. Toledo, O.

## BUY VICTORY NOTES STATE NATIONAL BANK

### Points in the Moline's Favor

There are many points in the MOLINE'S favor when the ques-  
tion of what Farm Tractor to buy comes up. To put them all in  
print would make a long, long story—but to make a long story  
short—

POINT 1—The MOLINE is the ONLY tractor with electric lights  
and self-starter. You don't have to quit important plow-  
ing or other work just because the sun goes down. Just  
turn on the lights and keep right on. The MOLINE will  
work 24 hours a day for you. Never mind the weather.  
If it rains on Monday, you can do 2 days' work on Tues-  
day to make up for it.

POINT 2—The MOLINE is the ONLY tractor that cultivates the  
seed in the soil.

POINT 3—The MOLINE is the ONLY tractor that reverses and goes  
around a stump or rock. You drive the MOLINE same  
as an automobile. Drive backward as well as forward.

POINT 4—The MOLINE is the ONLY tractor that cultivates two  
rows at a time.

POINT 5—The MOLINE is the ONLY tractor that can be turned  
around in a 16-foot circle and can be put in a small-sized  
shed.

POINT 6—The MOLINE is the ONLY tractor that has a device to  
lock the differential and give perfect traction in soft  
ground.

POINT 7—The MOLINE is the ONLY tractor that will start and  
finish a field without a horse.

There are SEVEN points—"one for every day in the week."  
For more "points" or a demonstration, phone, see or write

#### BUILDING CONTRACTS FOR APRIL

Although the building contracts for  
the week ending April 25 did not prove  
to be so large in aggregate as those of  
the two previous weeks, the record for  
the month is fifty-three per cent.  
greater than the average for the last  
nine years, according to estimates  
made by the U. S. Department of La-  
bor. The total for the month up to

the 25th is \$180,348,868. The figures  
by weeks follow:  
4 days April 1-inclusive. \$40,576,057  
Week April 5-11 inclusive. 40,751,142  
Week April 12-18 inclusive. 56,644,754  
Week April 19-25 inclusive. 42,376,915

Total 180,348,868

This covers the entire month with  
the exception of four out of the twen-  
ty-six business days; that is, it in-

cludes eleven-thirteenths of the busi-  
ness month. An estimate for the en-  
tire month that may fairly be deduced  
is, therefore, \$213,139,571. On ac-  
count of the failure of the last week to  
come up to the average of the first  
part of the month, this estimate is  
\$11,000,000 smaller than that previ-  
ously made, based on the first sixteen days  
instead of on twenty-two. Since, how-  
ever, the actual average for the month  
of April of the nine preceding years is  
only \$96,000,000, the present month  
still appears to be more than twice  
that average. Even when the figures for  
previous years are reduced to  
terms of present costs, it is found that  
the average is only \$139,000,000, and  
the present figure of \$213,000,000 is  
fifty-three per cent. larger than this  
average. The largest previous year  
was 1917, when the actual figure was  
\$148,000,000, which, reduced to present  
costs, becomes \$172,000,000.

Residential work accounts for the  
largest valuation of any one class dur-  
ing the latest week, public work being  
second, and industrial building follow-  
ing far behind, although recently it  
has been first a considerable part of  
the time.

The Benjamin Tribe Club of the  
Bethel Baptist church will meet  
Thursday night, May 29, instead of  
Thursday night of this week, at the  
residence of Mrs. Lella Robinson on  
East Fifth street.

MRS. ANNA ATHEY, Pres.  
Mrs. Emma Bass, Secretary.

**G. O. P. LIMITS CAMPAIGN CONTRIBUTIONS TO \$1,000**

Will Hays Orders End to Old System of Big Sums From Corporations.

Washington, May 22.—Chairman Hays, of the Republican National Committee, announced yesterday no contribution of more than \$1,000 would be received from any one for the financing of the coming Republican campaign, and launched a plan of country-wide small individual subscriptions.

The new plan marks the passing of great campaign contributions from corporations and individuals, long the subject of attack by the Republican party's political opponents.

The new plan, Mr. Hays announced, involves the decentralization of money raising into the very smallest contributions from the smallest units of territory.

The chairman will outline the new plan in detail in a conference here tomorrow and Friday with the Republican state chairman.

Mr. Harry L. Walsh, who has been sojourning at French Lick, Ind., and who attended the State Encampment of Odd Fellows at Providence, Ky., returned home this afternoon.

## EQUAL RIGHTS IS ADOPTED BY HOUSE

Susan B. Anthony Amendment Passed By House of Representatives by Large Measure.

Washington, May 22.—National suffrage for women was endorsed by the House of Representatives for the second time Wednesday when the Susan B. Anthony amendment resolution was adopted by a vote of 204 to 89. Supporters of the measure immediately arranged to carry their fight to the Senate where, although twice defeated at the last session, they are confident of obtaining the necessary two-thirds vote.

The victory of the suffrage forces Wednesday was but 42 votes more than the required two-thirds. On the previous ballot on the resolution, cast January 10, 1918, exactly the necessary number of affirmative votes were recorded.

House leaders of both parties in the brief debate preceding today's vote argued favorable action, but many Southern Democrats opposed the measure, as did several New England Republicans.

The favorable vote was more by fourteen than would have been necessary, had all members of the House been present. The political division of the vote showed that 200 Republicans, 102 Democrats, one Independent and one Prohibitionist voted for adoption, while the negative poll showed seventy Democrats and nineteen Republicans. Speaker Gillett, who voted against the resolution on previous ballots, did not vote Wednesday.

### NC-4 FLIGHT AGAIN DELAYED

Washington, May 22.—High winds today again prevented the naval seaplane NC-4 from leaving Ponta Del Gada for Lisbon on the second leg of her trans-Atlantic flight. The navy department this morning received the following message from Admiral Jackson at Ponta Del Gada:

"NC-4 will not leave today. Seas too rough for start."

London, May 22.—All hope for the rescue of Harry G. Hawker and Lieutenant Commander Mackenzie Grieve has been abandoned. Their fate remains a mystery.

## CENTENARY FUND GROWING RAPIDLY EVERY DAY NOW

Methodists Are Doing What Seemed Almost Impossible in Raising Large Sum of Money.

Columbus, May 22.—Reports of over a million and a half additional subscriptions brought the Cincinnati Area total of the Methodist Centenary subscription up to over nine million dollars Wednesday evening. The goal for this territory is fifteen million, and a million a day will be required to put the Area "over the top" by the close of the intensive drive Sunday evening. Officials of the Centenary believe that this will be accomplished.

The first district officially reported "over the top" was the Portsmouth District, of the Ohio Conference; the third, Chicago District, of the Lexington Conference (colored.)

In the Northeast Ohio Conference, Youngstown and Akron Districts are running a close race for "first over."

In the West Ohio Conference Lima holds first place in percentage of subscriptions reported; Springfield, second place and Dayton, third.

In Ohio Conference, Chillicothe District is closest second place, and the Columbus District following close behind.

According to a telegram sent to Dr. F. I. Johnson, Executive Secretary, by the Director-General Ward, of New York, over fifty million of the National quota of one hundred and fifteen millions has already been officially reported subscribed.

Reports reaching Rev. Worth Peters, pastor of the Third Street M. E. Church today show the Kentucky Conference pledged \$221,407 on their quota of \$500,570 or 44 per cent. on their way. The Ashland District in which Maysville is located has pledged \$58,986 on their apportionment of \$156,665. They are today rated at 37 per cent. These figures were up to Wednesday.

### SPRINGDALE REVIVAL CLOSED

The revival at the Bethany church came to a close Wednesday evening with a full house and good for the cause. Many of the members including some of the best people of that community renewed their stand with the church.

There will be baptismal services near the church on Saturday evening at 7:30 and preaching services at 8 o'clock that same evening at two o'clock on next Sunday afternoon.

At a recent meeting the following persons were selected to act as the officers of the church: C. C. Politt, W. L. Tuttle and William Wilson, elders, and for deacons, Dan Hughes, George Moore, George Ford, Mr. Henderson, Sam Rash, Victor Emmons, John Smith and Henry Ford. W. L. Tuttle will act as treasurer and clerk. Since the church enrollment book was burned, it will be necessary to make up a new list of members with a hope to include all those who are members now.

### RAILROADER LOSES MIND

The Chronicle Chronicle says: Last Thursday, Marvin Lee, C. & O. brakeman, who had been breaking on the local, between Silver Grove and Maysville, left the train at Dover on the return trip, after acting in a strange manner. No 3 stopped at Dover that afternoon and Lee was taken to Speer's hospital, Dayton, for examination, and we are informed that he was found to be of unsound mind and was ordered to the asylum. Lee had been employed as brakeman for more than one year, is married and has a wife and one child, living in Covington.

### DAM TO BE BUILT

The Chronicle learns, unofficially, that the contract for the Government dam, to be built between Wellsburg and Bradford, is to be let May 20. Two contractors were here Sunday, with a view of bidding on this work. This dam will be built with a view of having a nine-foot stage of water in the Ohio during the entire year. A number of these dams have been built at other points along the Ohio—one near New Richmond—and means the expenditure of more than \$1,000,000.—Chronicle.

### G. O. P. CLASH IS AVERTED

Washington, May 22.—Congress is nearly ready to begin its grind on big money bills.

The House met today to take up the Indian appropriation bill and other measures.

Senate Republicans, taking advantage of the two-day adjournment of the upper branch, are reconciling their differences and preparing to get down to business.

## GERMAN SOCIALISTS CRY FOR PEACE AS OTHERS PROTEST

Great Demonstration of Independent Socialists in Berlin—Germany's Proposal.

Berlin, May 21.—One hundred thousand Independent Socialists today staged a demonstration in the Lustgarten in favor of immediate peace.

They bore red flags and banners, with the inscription, "We Want Only Peace, Bread and Work."

After they had been addressed by several speakers the crowd marched to Wilhelmplatz, where 25,000 Majority Socialists were holding a demonstration against the treaty.

Before the appearance of the Independents, Chancellor Philipp Scheidemann, addressing the crowds, declared that "protest is Germany's only remaining weapon."

Germany's final counter proposals to the Peace Treaty will, it was learned from an authoritative source today, be constituted as follows:

First: Insistence on fulfillment of President Wilson's principles.

Second: Request for a plebiscite in the eastern and western provinces.

Third: Acceptance of the principle of full disarmament, but with the reservation that 200,000 troops are necessary to maintain internal order.

Fourth: Complete agreement with elimination of the German navy, but with insistence that some merchant ships be retained to insure the country's economic development.

This information was obtained from an official in close touch with the delegates at Versailles. He made the statements without qualification.

The German Government, he said, believes the eastern plebiscite would be advantageous to Germany, and regards victory in the Saar basin as certain, in the event of a vote.

From another source it was learned that Germany also will urge that the indemnities be lumped in one sum instead of an indefinite amount to be collected during a long period, so the German workmen, financiers and government may know the extent of their obligations.

Messrs. H. C. and Ward Metcalfe of Brooksville, were visitors in this city today.

THEY DARED HIM TO START SOMETHING — AND HE FINISHED IT. SEE

## WANT FEATURE SHOWN ON SATURDAY NIGHT

Young Woman Clerk Appeals to Manager of Picture House That Feature Be Shown at Night For Women.

Manager T. M. Russell of the Washington and Gem has received the following unsigned letter:

Maysville, Ky., Tuesday Evening, Dear Sir:

Your play which you have booked for the Opera House Thursday and Friday night is no doubt a good book or play. The rules are that no women and men allowed together. This play is to be shown at the Gem Saturday afternoon for ladies. Now sir, it is very inconvenient for most young ladies to get to come to a show in the afternoon on account of being employed in different stores. Can't you please arrange it so that the ladies can see it Saturday night at the Gem or Opera House.

A FRIEND.

I am sure this will be more convenient for a lot of young ladies. Mr. Russell asks the young lady to take the matter up with him personally. Her name will not be divulged.

### \$692 VERDICT FOR FAILURE TO DELIVER TOBACCO CROP

Flemingsburg, Va., May 22.—A jury in the Fleming Circuit Court, in the case of Daugherty & Ross against J. S. Rawlings, rendered a verdict in favor of the plaintiff, \$692 being the amount sued for. The suit was for damages for failure of the defendant to deliver a crop of tobacco which the plaintiff alleges had been purchased.

The ease of Jeff Manning against Palmer Hurst for slander was compromised.

The Flemingsburg high school commencement will be held June 20 this year and the following are graduates: Misses Jessie Mae Poynter, Lizzie Steele King, Sadie Fried, Messrs. Alex Cook King, Joe Fried, Albert Graham and William Griffith.

Mr. Thomas L. Ewan and sister, Mrs. Anna Peed are today moving from Limestone Street to the Keith residence in Third street recently vacated by Mr. J. C. Everett and family.

### OUR COLORED CITIZENS

The Women's Home Mission of Scott M. E. Church will meet at the home of Mrs. Eva Smith's Friday afternoon let every member be present.

## KEEP UP YOUR BUYING OF WAR SAVING STAMPS

It will pay you to buy all the Dry Goods you will need for several months, right now. Goods are very scarce and some lines there has been an advance.
